Subject: request for help - MEDIA INQUIRY seeking study from EPA's Water Security Division

Dear Jon, Vicki and Bill,

Thank you for everything you are doing!
I'm now thinking that Bill may be travelling back from West Va, because he always get back to me?
Anyway, Ken Ward would really like the study Bill mentioned at yesterday's press conference.

Can any of you assist me or direct me to someone in HQ's Water Security Division? I would like to get this to Ken by noon tomorrow.

Thanks!

Bonnie

Subject: Seeking study

Bonnie,

EPA Region 3 Drinking Water Branch Chief Bill Arguto said yesterday that a study by EPA's Water Security Division suggests that MCHM would not adhere to home plumbing systems. I asked him for a copy of that study, and he said he would try to get it to me. I haven't seen it yet. Is it available online? Can I please get a copy?

Thanks, [REDACTED]
